

There is a lot of shooting activity taking place in the state now. We have had our Indiana Zone Shoots and they were very successful. I would like to thank Fulton County Gun Club, Roachdale Gun Club, and Indian Creek Shooting Center. They all ran great shoots for our shooters. I would like to thank the people who worked tirelessly to make these shoots such a success. Without dedicated people like you, none of these shoots would be possible. I would also like to thank the ITA Board of Directors. The board members did the classifying and ran the shoot-offs in their respective zone.

Remember that the ATA Central Zone is scheduled for Aug 2-4 and will be hosted by Evansville Gun Club in Evansville, IN. Make plans to attend this shoot and get some birds in before the Grand.

Plan on attending the Indiana State Shoot July 9-14. It will be a great State Shoot. Also don't forget the miss and out that will be shot Friday after the days shoot-offs. It is open to anyone who has shot an event at the State Shoot.

Our State Shoot program is on our website: www.IndianaTrap.com. Go to the website and see the great work Ryan Clark is doing.
